Florida Disabled Outdoors Association (FDOA)

Mission

To enrich lives through accessible inclusive recreation for all

FDOA goal is to advocate, educate, motivate and provide support for physical activity to achieve benefits in the following areas:

- Developmental
- Healing
- Physical and Mental Wellness
- Vocational and Economic
- Societal

To Our Members

Dear members and partners,

Since the inception of Florida Disabled Outdoors Association (FDOA) we have had a vision of where we wanted to be. We have been working toward having residents and visitors of Florida of all ages and all abilities being able to participate in recreation activities of their choice without barriers to enable a healthier happier more productive society.

This year we were recognized for our efforts and proud to be named Association of the Year from the Florida Society of Association Executives. This honor comes from the diligence and hard work of our board, our volunteers, our partners, staff and interns and of course our participants. I truly feel that everyone has worked harder than ever in 2019. FDOA is making strides one step at a time and moving forward making progress.

As always, we appreciate your support!

Best Regards,

Executive Director

Programs

SportsAbility enhances the lives of people with disabilities by promoting active living and providing first-hand access to resources and activities designed to encourage participation regardless of age or ability level. People are able to try everything from sit water-skiing to rock wall climbing, martial arts and much more!

Participants of all abilities learn about the value of recreation and active leisure for everyone – especially people with disabilities. People discover the latest in equipment, trends, and resources. SportsAbility provides an opportunity for people to network with people with disabilities, resource providers, and community organizations. There is NO CHARGE to participants.

- 1,139 people attended the Leon County SportsAbility.
- 12,842 people registered for the SportsAbility Sampler at the Family Café in Orlando.
- More than \$150,000 of volunteer help and training was donated.
- Over 50 community partners and sponsors helped.

Miracle Sports in partnership with the City of Tallahassee provides Access to Athletics for people of all abilities. Games are adapted so that anyone can participate and be successful. The majority of our seasons are played on the Miracle Field, in Messer Park; this field provides a barrier free arena. Our game days are rich, inclusive environments where people of all abilities play together and encourage one another.

- Over 550 hours of team sports were played year-round and available to the community.
- Volunteer hours valued at more \$25,000.
- Miracle Sports partnered with Florida State University (FSU) Sport Management Service Learning Program with over 150 students and Seminole Athletics to offer two Seminole Showdowns.
- Partnered with Adult Continuing Education (ACE) and United States Tennis Association to facilitate a weekly tennis program for adults with disabilities.

Rec Connect

Community-based Therapeutic Recreation Program
for people with brain & spinal cord injuries

This program, funded by the Florida Department of Health Brain and Spinal Cord Injury Program, provides an education and resource referral to assist people with brain and spinal cord injuries in pursuing recreation and leisure and related assistive services and technologies.

- FDOA provided information on the needs and benefits of physical activity and resources and recreation activities for over 1,000 individuals with a brain injury and over 500 individuals with a spinal cord injury.
- Educational programs were provided to healthcare professional at locations throughout Florida.
- Over 63 outreach events/programs were provided to over 20,000 attendees.

ALLOUT

Adventure Program

An outdoor adventure program for people with disabilities. This program includes the mobility impaired hunting program, which includes over 22 mobility impaired hunts in Florida with over 2,000 certified mobility impaired participants. The program also includes a variety of other outdoor adventure trips.

- Over 100 anglers with 23 boats participated in the Hands Helping Anglers Program.
- Over 100 people participated in the Annual Nutrien / FDOA Outdoor Adventure Weekend and Hunt at Morgan Farm in North Florida.
- The Bird Dog Boat Adventure program was introduced.
- Numerous other fishing, hunting and water sport adventures were held.

Live a Day, Live Your Life Wellness and Recreation Assistive Technology Demo Days

FDOA partnered with the Florida Alliance for Assistive Services and Technology (FAAST) to host three Demo Days around Florida where people with paralysis could learn about and try a variety of adapted recreation assistive technology. The programs were funded in part by the Reeve Foundation.

- Over 300 people were able to try adaptive equipment.
- Programs were held in three rural locations around Florida to better serve those who have limited access to adaptive recreation equipment.
- Adaptive recreational equipment available for participants to try included off road track chairs, adapted kayaks, hand cycles, electric bikes, floating water wheelchairs, beach access mats, tandem sailing boat, wheel chair accessible power boats, fishing and hunting equipment, wheelchair accessible golf cart and more!

Resource Referral Network

Florida Disabled Outdoors Association maintains a Resource Referral Network of accessible inclusive programs and services, products, destinations and events. The database is accessible electronically at fdoa.org/resources. It is searchable by county or type of resource.

The database is a virtual liaison between providers and participants helping people of all abilities find the providers that meet their area of interest. The database currently has approximately 1,500 resources across Florida and beyond.

The screenshot shows the website's search interface. At the top, there is a navigation bar with the FDOA logo and four small images of people participating in outdoor activities. Below this is a green banner with the text "Florida Disabled Outdoors Association" and "Welcome to the FDOA Recreation Resource Database." The main search area is titled "Select criteria for recreation resources" and features three dropdown menus: "Type:" (set to "All"), "County:" (set to "All"), and "Activities:" (set to "All"). A "Get Resources" button is positioned below the "County:" dropdown. To the right of the "Activities:" dropdown is a long, scrollable list of activity categories, including Archery, Baseball, Basketball, and many others. Below the search area, there is a disclaimer: "The Florida Disabled Outdoor Association's listing of recreation services, program, service, product, event or destination. This database is not a guarantee of any resource, the user agrees not to hold the FDOA liable for problems." To the left of this disclaimer is the logo for the "Brain & Spinal Cord Injury Program" and the text "Funded in part by:". To the right of the disclaimer is a partial sentence: "endorsement of any purposes only. By using this".

Return on Investment

We leverage revenues to fulfill our mission. With an annual budget just over \$200,000 from grants, state contracts, business sponsorships and donations; we are able to accomplish significant outcomes.

- We fostered a healthier, happier, more productive and inclusive society that produced cost savings for everyone.
- We deliver meaningful education and advocacy to the community.
- We strengthen the community through partnerships and collaborations.
- We supplement our funding sources with donated goods and services and utilizing the power of volunteers and student involvement.
